# WELCOME

We are delighted you're considering study at Griffith College and our highly respected partner, Griffith University.

Since 1997 we have been helping students achieve their academic goals and we are very proud of the 25,000+ students who have successfully passed through our doors and onto their degree of choice.

The location of the College on the Griffith University campus and our strong partnership ensures you will be welcomed as part of the university community from day one. A friendly, welcoming campus environment means new arrivals will feel at home no matter where they are from.

In choosing a Griffith College program, you will be joining thousands of other students who have progressed successfully to further study at Griffith University.

I really hope you can join our learning community so you can experience first-hand how the team spirit of staff and students helps you achieve individual success.

**Angie Taras**  
College Director & Principal, Griffith College

Griffith University is regarded as one of Australia's most innovative and influential higher education institutions.

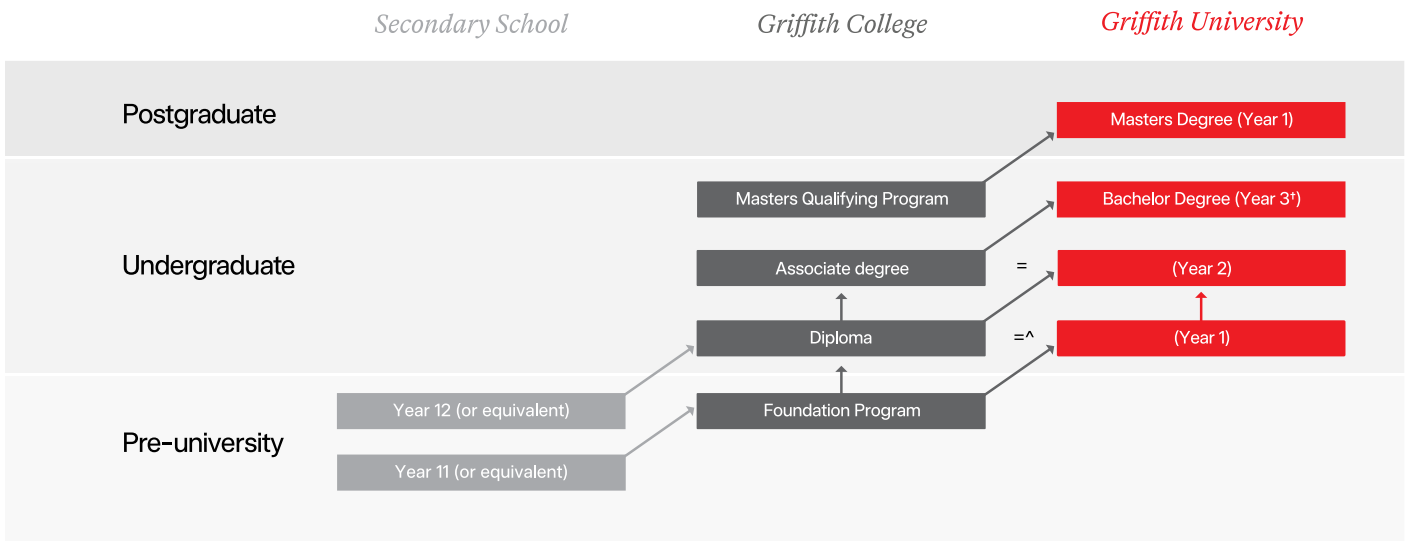

**Consistently ranked in the top 2% of universities worldwide\***

Our partnership with Griffith College is one of the longest standing globally between a high-ranking university and pathway college. The past 25 years have seen students start their study journey at Griffith College, supported by a passion to succeed through their university study and beyond.

I wish you well in your studies at Griffith College, our long-standing partner of 25 years, and I look forward to welcoming you as you progress onto further study at Griffith University.

**Professor Carolyn Evans**  
Vice Chancellor, Griffith University

# Your college pathway to Griffith University

^Some bachelor degree programs are more than three years duration.

\*One year of credit may not be wholly applicable to the first year of the relevant bachelor's degree. Refer to program specific information pages online.

## CAMPUS LOCATIONS

Griffith College is located in South East Queensland, Australia.

We have two campuses, less than an hour apart, situated in key locations in this thriving part of the world.

Just a short distance from the city centre of Brisbane (Queensland's capital), is our Mt Gravatt campus. This campus is located on the fringe of Toohy Forest and offers panoramic views of the city.

Only an hour's drive south is our Gold Coast campus, within easy reach of world-famous beaches and relaxed entertainment.

The campus that you attend will depend upon the study program that you choose.

Both Griffith College zones are part of Griffith University's wider campus, meaning our students are immersed in university life from day one.

This adds to the sense of confidence and familiarity that students feel throughout their time at Griffith.

# WHY GRIFFITH?

## GRIFFITH COLLEGE FAST FACTS

Every aspect of our study structure is geared to helping students achieve their full potential in a stress free, enjoyable environment.

International students may be eligible to receive a scholarship to help kickstart their studies in Australia! For more information, visit [griffithcollege.edu.au/how-apply/scholarships](http://griffithcollege.edu.au/how-apply/scholarships)

### Scholarships available

# STUDENT LIFE IN QUEENSLAND

Enjoy a sunny climate and a warm welcome from the locals.

Queensland is known as the Sunshine State, thanks to its year-round warm climate and consistent blue skies. The Queensland warmth extends beyond the climate; the locals are delightful and welcoming, making visitors feel instantly at ease.

**There's plenty to do and see close to both our campuses:**

## Beaches

The beaches of the Gold Coast are world renowned and Brisbane's South Bank Parklands has an artificial beach and pool in the centre of the CBD.

## Cycle routes

Cycle routes connect you to almost everything, and offer many waterfront views. Plentiful scooter and bicycle hire options make it easy to explore.

## Parks and green spaces

Easy to find in both locations, many parks and green spaces also include sports amenities, such as basketball hoops and outdoor gyms.

## Rainforest walks and mountain climbs

Just a short distance inland, you can find various rainforest walks and mountain hikes where Australian wildlife including koalas and kangaroos are often spotted.

## Endless entertainment

With countless cafés, bars, restaurants, cinemas and theme parks within easy reach, there is endless entertainment available. Be sure to check out the interesting markets and events every weekend!

## Modern public transport

Services include ferries, buses, trains and bikes, so getting to and from campus or exploring is made easy.

# LIFE ON CAMPUS

## Accommodation options

Whether you decide to live on or off-campus, Griffith offers a housing option to suit your needs.

Follow the link to find out what's available.

[griffithcollege.edu.au/student-life/accommodation](http://griffithcollege.edu.au/student-life/accommodation)

There's far more to life at Griffith than classroom study.

We are an inclusive community that celebrates and supports diversity in all its forms. So rather than feeling pressured to fit in, you can be proud to stand out.

### Religion

We respect and support all religious beliefs and champion the rights of our students to follow their faith. Both Griffith College campuses have prayer facilities and multi-faith chaplains.

### Clubs and societies

There are over 120 clubs in cultural, religious, political, educational, sporting, professional and special interest areas. This is a great way to meet new people and develop new interests. If you can't find what you like, you can even start up your own club or society, supported by Griffith College!

### Disability support

If you have a disability, you can access support from the College. During admission and enrolment, you will be contacted by a dedicated Student Learning Advisor, who will help with your transition to college life and provide ongoing support throughout your studies.

### Transport

Our campuses are well serviced by public transport connecting you to major commercial areas and the rest of the transport network.

Parking is available on both campuses and you can purchase annual or trimester parking permits from Griffith University. Casual parking is also available if you don't need to be on campus every day.

### Sport and fitness

We have a wide range of sporting clubs, facilities and events. Griffith Sport runs social sport competitions and membership gives you access to swimming and tennis centres, gyms, basketball courts, track and field, and athletics equipment.

### Food

A wide choice of restaurants, cafeterias and cafés will keep your options open while you study with us.

# SUPPORTING LEARNING AND EMOTIONAL GROWTH

## Learning Support

Teaching staff and student learning advisors are on hand to provide you with a range of academic support services and help you improve your skills. Dedicated staff run study skill workshops and offer one on one consultations to support you with study plans, assignment drafts, research, writing and referencing.

"Hi! My name's Ella and I'm a Student Learning Advisor based on the Gold Coast campus. I can help check your assignments and guide your development of important academic skills you need to be successful at Griffith College and beyond. I love learning about the diverse backgrounds of every one of our students!"

"Hi! My name is Christabel and I am the student counsellor based at our Gold Coast campus.

As your student counsellor, I am available to offer guidance on any aspect of life that might be causing you stress or concern. Whether it be homesickness, personal relationships or academic difficulties, I'm here to help.

Please don't hesitate to reach out at any time!"

## Personal Wellbeing Support

Counsellors with experience in specific aspects of emotional wellbeing are available to offer guidance on any aspect of life that might be causing you stress or concern.

## Dedicated Courses for Academic Growth

Our STEM and Health programs, as well as future study in these areas require fundamental mathematics skills.

## Core Maths Skills

Core Maths Skills is a free, non-weighted, and competency based (pass/fail) course to be completed in the first trimester of STEM and Health programs. It has been designed to develop and/or refresh mathematic skills for success in future subjects.

## Academic & Professional Skills Development

All Griffith College students will complete our Academic and Professional Skills Development subject. Unique to Griffith College, this program has been created to support students to develop their academic skills and language to support your transition to higher education studies:

- academic integrity
- analytical and critical thinking
- citation and referencing
- effective research
- reading literature analytically and critically
- applying knowledge and research to develop and support an argument

"There are student mentors, teachers and advisors that are here to help us out."

- Manny K.

"I was worried about coming back to study and changing my career, but from my first enquiry through to my first day on campus I was put at ease."

- Louise K.

# OUR PROGRAMS

Griffith College offers 11 diploma programs providing credit into over 60 bachelor degrees at Griffith University.

You can apply for your Griffith University degree at the same time as your Griffith College diploma, so you receive a single, combined offer. When you graduate with a Griffith College diploma, you will have your credit entitlement automatically transferred to your chosen degree at Griffith University.

## Understanding the difference between VET / TAFE and a Griffith Diploma

TAFE and other private providers teach certificates through to diplomas under the Vocational Education and Training (VET) framework. They are designed to provide practical skills for employment.

On the other hand, completion of a Griffith College higher education diploma will give you the academic skills and knowledge you need for success at university. They have a higher academic rank, which is the measure used for entrance into a university degree.

At Griffith College we offer four levels of programs all progressing to Griffith University with varying amounts of credit.

### Foundation

The Foundation Program provides a bridge between secondary school and undergraduate studies. Upon graduation you can enter the first year of a broad range of bachelor degrees or progress to a diploma to bachelor pathway with up to a year of credit.

### Diploma

If you are not eligible for direct entry to university, are looking for some extra support to get up to speed, or want to have a qualification after your first year, a Griffith College diploma is your best alternative.

Each diploma program provides a pathway to a number of associated university degrees or double degree.

### Associate Degree

The Associate Degree in Business is a two-year program leading to the third year of specified Griffith University business degrees.

After completion of the Diploma of Business or Diploma of International Tourism and Hotel Management, you can study a second year at the college before moving onto the third year of a related degree.

### Masters Qualifying Program

The Masters Qualifying Program is delivered by Griffith College for Griffith University to provide you with the knowledge, values and skills required for successful completion of studies at postgraduate level in Australia.

# Our study options

For more information, visit  
[griffithcollege.edu.au/study-options](https://griffithcollege.edu.au/study-options)

“The Foundation Program provided far more than the academic qualifications I needed to start my diploma. It taught me the importance of time management and study structure – and it really helped me improve my communication and social skills too.”

# FOUNDATION PROGRAM

Our Foundation Program is designed for students who haven't yet completed their high school education to Australian Year 12 standard, or equivalent.

| Foundation Program     |  |                   |  |         |                |
|------------------------|--|-------------------|--|---------|----------------|
| Trimesters             | Campus   | Intakes           | Admission criteria*                        | CRICOS  | 2024 Fee (AUD) |
| 2 full-time (8 months) | Mount Gravatt (Brisbane)<br>Southport (Gold Coast) | Trimester 1, 2, 3 | Academic: Australian Year 11 or equivalent | 091322F | \$25,400       |

The Foundation Program has been designed to prepare you for a diploma or degree in Education, Business, Design, Engineering, Health, International Tourism and Hotel Management, Information Technology or Science. It's structured to be completed over two trimesters (8 months), with English language and academic communication skills a central focus, along with computer skills and intercultural studies.

As well as improving your skills in these key areas, you can choose two other courses in each trimester which relate directly to the industry in which you will continue on to study.

## Trimester 1

- Academic Communication skills 1
- Computer skills
- Elective course
- Elective course

## Trimester 2

- Academic Communication Skills 2
- Intercultural Studies
- Elective course
- Elective course

## Elective courses

- Accounting
- Advanced Mathematics
- Human Biology
- Chemistry
- Essential Mathematics
- Systems Analysis
- Management
- Marketing
- Media Studies
- Study of Society

*Elective courses are offered on rotation and may vary each trimester.*

# DIPLOMA OF EDUCATIONAL STUDIES

The Diploma of Educational Studies is a game changer for anyone who needs to meet additional entry requirements for a teaching degree.

| Diploma of Educational Studies |  |             |  |         |                |
|--------------------------------|--|-------------|--|---------|----------------|
| Trimesters                     | Campus   | Intakes     | Admission criteria*                        | CRICOS  | 2024 Fee (AUD) |
| 3 full-time                    | Mount Gravatt (Brisbane)<br>Southport (Gold Coast) | Trimester 1 | Academic: Australian Year 12 or equivalent | 103070G | \$34,600       |

| Pathways to a Griffith University degree | Campus  | Credit granted <sup>o</sup> |
|--|---|-----------------------------|
| Bachelor of Education (Primary)          | Mount Gravatt (Brisbane) / Southport (Gold Coast) / Logan | 60 CP                       |
| Bachelor of Education (Secondary)        | Mount Gravatt (Brisbane) / Southport (Gold Coast) / Logan | 70 CP                       |

\*^ Lower amount for students required to complete ELEC.

*NARTE: To meet non-academic entry requirements for progression to the Bachelor of Education, diploma graduates must demonstrate they have the key competencies outlined by the Australian Institute for Teaching and School Leadership (AITSL); competencies that are considered reflective of the attributes and motivations common to effective teachers.*

*To demonstrate this, you will complete an online questionnaire towards the end of your diploma.*

The Diploma of Educational Studies transitions seamlessly into the highly-regarded Bachelor of Education.

If you need additional English, Maths or Science qualifications to be eligible for a teaching degree, this new diploma is perfect for you. Rather than needing to complete extra study, including bridging and enabling subjects, you can meet the requirements while studying this one-year diploma.

## Career opportunities

Primary or secondary school teacher. Secondary teachers choose teaching areas of interest and specialty. Special needs school teaching is another possibility.

## Sample program structure

### Trimester 1

- Academic and Professional Skills Development
- Understanding Lifelong Learner
- Communication for Teaching and Learning

### Trimester 2

- Foundations of Curriculum, Pedagogy and Assessment
- Educational Technologies for Teaching and Learning
- General Mathematics
- Developing Professional Identity and Practice

### Trimester 3

- Education and Society
- Philosophy and Ethics in Education
- Electives: Biology and Chemistry (Primary)
- Electives: Teaching Area required course (Secondary)

**RANKED IN THE TOP 150**  
**UNIVERSITIES WORLDWIDE FOR**  
**ENGINEERING** by THE World University  
Rankings 2022

“Engineering and IT are some of the most dynamic fields to study in, thanks to the speed at which technology is shifting. I’ve always loved experimenting, inventing and making things – now I have the framework to make a career out of it.”

| Bachelor of Engineering (Honours)<br>Majors: Civil, Electronic, Environmental, Mechanical.<br>Extended Majors: Electronic and Energy, Electronic and UAV, Mechatronics. | Nathan (Brisbane)                          | 70/80 CP*^                  |
| Bachelor of Engineering (Honours)<br>Majors: Civil, Electrical and Electronic, Mechanical.<br>Extended majors: Electrical and Renewable Energy Engineering              | Southport (Gold Coast)                     | 70/80 CP                    |
| Bachelor of Software Engineering (Honours)  | Nathan (Brisbane) / Southport (Gold Coast) | 60 CP                       |
| Bachelor of Engineering (Honours) / Bachelor of Aviation  | Nathan (Brisbane)                          | 70 CP                       |
| Bachelor of Industrial Design   | Southport (Gold Coast)                     | 30 CP                       |
| Bachelor of Laws (Honours)  | Nathan (Brisbane) / Southport (Gold Coast) | 40 CP                       |

\*^ Lower amount for students required to complete ELEC, provided elective course is completed in Diploma.

You will learn from internationally-experienced lecturers with strong industry experience. This ensures you receive industry-relevant foundational knowledge, practical experience and problem-solving skills that employers are seeking, both now and in the future.

Additional learning support is provided throughout your diploma, in the form of Core Maths Skills Modules, to ensure you have the knowledge and skills critical to succeed in Engineering studies.

## Career opportunities

Include but not limited to civil engineering, mechanical engineering, environmental engineering, software engineering, mechatronics, electrical and electronic engineering, electronic and energy engineering, electronic and UAV engineering, electronic and computer engineering, industrial design.

## Sample program structure

### Trimester 1

- Academic and Professional Skills Development for Science and Technology
- Core Maths Skills~
- Computing And Programming

### Trimester 2

- Engineering Science
- Engineering Fundamentals
- Mathematics 1A

### Trimester 3

- Electric Circuits or Engineering Mechanics
- Mathematics 1B
- Engineering Materials

~ Students who demonstrate success in the Maths Ready Quiz prior to commencing their study may be exempt from completing Core Maths Skills.

| 2-3 full-time                            | Southport (Gold Coast) | Trimester 1 | Academic: Australian Year 12 or equivalent<br><br>English: See the website for more details about meeting the English Language standards required by the The Australian Nursing and Midwifery Accreditation Council (ANMAC). | 075186J                     | \$37,300       |
| Pathways to a Griffith University degree |                        |             | Campus   | Credit granted <sup>9</sup> |                |
| Bachelor of Nursing <sup>8</sup>         |                        |             | Nathan (Brisbane) / Logan / Southport (Gold Coast)   | 80 CP                       |                |

Theoretical content in the classroom is brought to life through simulated practical activities in laboratory settings. Theoretical models are explored through interactive workshops, and simulated, real life service settings to provide practical, experiential learning.

## Career opportunities

Registered Nurse - on completion of the Bachelor of Nursing, or with further study, you can choose to specialise in a range of fields such as aged care, community practice, emergency, intensive care, operating theatre, midwifery, oncology, paediatrics, palliative care, and mental health.

## Sample program structure

### Trimester 1

- Academic and Professional Skills Development for Science and Technology OR English Language and Communication for Health
- Communicating Effectively
- Foundations of Professional Health Care Practice
- Human Anatomy and Physiology 1

### Trimester 2

- Health Assessment
- Human Anatomy and Physiology 2
- Psychosocial Development Across the Lifespan
- Safe Administration of Medications

“The Diploma of Health Science challenged my critical thinking skills and helped to lay down a really sturdy foundation of knowledge about the human body to build on in my future study”

| Pathways to a Griffith University degree | Campus                                     | Credit granted <sup>o</sup> |
|--|--|-----------------------------|
| Bachelor of Information Technology       | Nathan (Brisbane) / Southport (Gold Coast) | 80 CP                       |
| Bachelor of Computer Science             | Southport (Gold Coast)                     | 30 CP                       |
| Bachelor of Laws (Honours)               | Nathan (Brisbane) / Southport (Gold Coast) | 40 CP                       |

\*^ Lower amount for students required to complete ELEC.

You will gain the fundamental skills and knowledge needed to progress to your degree, including credible industry placements and the opportunity to join the App Factory - an IT development platform for start-ups.

## Career opportunities

Database development, interactive media design, information technology analysis and project management, information systems architecture design and management, software acquisition and integration, maintenance and support, programming and app development, games design and development, network design and support, systems security.

## Sample program structure

### Trimester 1

- Academic and Professional Skills Development for Science and Technology
- Creative Coding
- Computer Systems and Networks
- Web Technologies

### Trimester 2

- Foundations of Systems Development
- Professional Practice in Information Technology
- Human Computer Interaction
- Information Systems Foundations

\* Physics \*\* All majors except Physics

The Diploma of Science will provide you with a solid understanding of the natural and physical sciences, including fundamental theoretical and practical principles of chemistry, biology, genetics and for some pathways, environmental science.

You will also gain the necessary computational skills for scientific practice across observation, analysis and problem solving. The program will prepare you for further studies in a broad range of areas including biomedicine, environmental sustainability, chemistry and physical sciences, marine, and wildlife and microbiology.

### Career opportunities

Include but not limited to biochemist, environment consultant, microbiologist, pharmaceutical scientist, forensic science, marine science, laboratory or pathology, neuroscience, conservation and pollution control.

### Sample program structure

#### Trimester 1

- Academic and Professional Skills Development for Science and Technology
- Biological Systems
- Core Maths Skills<sup>-</sup>

#### Trimester 2

- Genetics and Evolutionary Biology
- Chemistry 1A
- Human Biology: Human Organism

#### Trimester 3

- Fundamentals of Biochemistry
- Statistics
- Chemistry 1B or Mathematics 1A
- Introduction to Environmental Sustainability

If you graduate from the Griffith College Diploma but aren't ready to transition into the second year of the Griffith University Bachelor of Commerce, International Tourism and Hotel Management or Business, you will have one year of credit towards this Associate Degree.

This means you will have one more year of supportive study within the Associate Degree, helping you successfully transition to further studies at Griffith University. You will also graduate with an industry-recognised tertiary-level qualification on your CV, when you explore your career opportunities.

## Sample program structure

### Trimester 1

- Eight core courses reflecting the Diploma of Business or International Tourism and Hotel Management (80 CP)

### Trimester 2

- Eight core, specialist and elective courses (80 CP)

### Specialisations:

- Finance (Mt Gravatt)
- Management (Mt Gravatt)
- International Tourism and Hotel Management (Mt Gravatt and Gold Coast)

# MASTERS QUALIFYING PROGRAM

“Having done the ground-work at Griffith College, I felt one step ahead when I transitioned to my Masters at University. It gave me the structure and skills to excel.”

| Master of Visual Arts  | South Bank (Brisbane)   | 10 CP                       | 4.0          |
| Master of Design   | South Bank (Brisbane)   | 10 CP                       | 4.0          |
| Master of Screen Production  | South Bank (Brisbane)   | 10 CP                       | 4.0          |
| <b>Health</b>  |   |                             |              |
| Master of Public Health  | Southport (Gold Coast)  | 10 CP                       | 4.0          |
| Master of Global Public Health   | Southport (Gold Coast)  | 10 CP                       | 4.0          |
| Master of Health Services Management   | Southbank (Brisbane)  | 10 CP                       | 4.0          |
| Master of Advanced Health Services   | Southbank (Brisbane)  | 10 CP                       | 4.0          |

Once you successfully complete all four courses in the Masters Qualifying Program and meet other relevant entry criteria, you can progress to a Griffith University Masters Program.

## Sample program structure

### Trimester 1

- Academic Communication for Postgraduate Students
- Intercultural Issues for Postgraduate Students
- Managing Organisations
- Evidence-Based Decision Making

# HOW TO APPLY

## INTERNATIONAL STUDENTS

There are 5 simple steps to applying for a place at Griffith.

- 1 Choose the program you want to study.**  
For more detailed program information, visit [griffithcollege.edu.au/study-options](http://griffithcollege.edu.au/study-options)
- 2 Check the entry requirements.**  
Check the **Academic entry requirements** and the **English entry requirements** specific to your chosen program.
- 3 Prepare supporting documentation.**  
Include certified copies of your academic and English exam results (translated into English if needed) plus a copy of your passport photo page.
- 4 Apply online or through a representative.**  
Applying yourself? Apply through the StudyLink Connect Application Portal.  
  
Looking for an international education agent to assist? It is recommended that you apply through an international agent or provider as they can help with your Griffith College application and visa application.  
  
Find a representative in your country at:  
[griffithcollege.edu.au/international-students/find-agent](http://griffithcollege.edu.au/international-students/find-agent)  
  
Apply online at:  
[griffithcollege.edu.au/how-apply/international](http://griffithcollege.edu.au/how-apply/international)
- 5 Accept your offer.**  
If you are successful in securing a direct offer with us, congratulations! Read your offer letter and make sure you meet all conditions stated in the letter, pay the tuition deposit fee and sign and email the acceptance form. This will secure your place!

## Academic calendar & key dates

[griffithcollege.edu.au/student-life/key-dates](http://griffithcollege.edu.au/student-life/key-dates)

# GUIDE TO ADMISSION CRITERIA FOR DIPLOMAS AND DEGREES

## Griffith College Diplomas and Foundation program

There are academic requirements for acceptance to Griffith College programs and Griffith University degrees.

For entry to some diplomas, we assume that you already have certain knowledge, through previous studies or experience - this is called "assumed knowledge". If you lack this assumed knowledge, you can still receive an offer to study with us, and we will provide relevant support courses within our programs – and offer free bridging subjects as required.

## Progression to Griffith University

Depending on the degree you wish to study at Griffith University, you will need to achieve a minimum grade point average (GPA) in your diploma in order to progress to your chosen Bachelor degree.

Some programs have quotas for the number of students that can progress straight across. Our team can assist you with options to transition onto university and help you stay on track with your studies to meet your progression requirements.

To confirm the entry requirements that apply to you, check the relevant diploma program page within this section.

Other admission criteria may apply depending on the degree you have chosen. This may include evidence of English education, portfolios, auditions, medical certification, criminal history checks and evidence of work experience.

## Endnotes

- Δ Program fees are reviewed annually and are subject to change. Please check our website for fee updates.
- ◇ Most Griffith bachelor degrees are made up of 240 credit points (CP), and are completed over three years full-time. 80CP are therefore equivalent to one year of study.
- ^ Less credit may be available depending on the choice of major or minor within the degree. Contact the College for further details.
- # If student numbers exceed the quota, places in each degree will be awarded on the basis of the highest GPA and the highest average mark across completed Diploma courses.
- % Higher amount of credit applied if the 2008EHR Business Communication course is completed within the Diploma of Business.
- ~ Students who demonstrate success in the compulsory Mathematics Diagnostic Quiz prior to commencing their study may be exempt from completing Core Maths Skills and hence potentially reduce the duration of their diploma program.
- Please refer to our website for the latest updates on pathways.
- β Quota of 100 places for Bachelor of Nursing.
- ∏ Not all majors are available at both campuses.
- f There are placements associated with this program and graduates will be required to satisfy a number of specific criteria prior to commencing the bachelor program.
- + For full Admissions criteria, visit [griffithcollege.edu.au/international-students/entry-requirements](https://griffithcollege.edu.au/international-students/entry-requirements)
